

Dall-E 2 Artwork for Medium Article

Prompts:

1. Generate an image that depicts the different factors that contribute to the development of diabetes, such as high blood pressure, high BMI, and low insulin sensitivity. Use a collage-style layout to showcase the different factors.

2. Create an image of a human body that shows the areas most affected by diabetes, such as the pancreas and the kidneys. Use a cross-section or cutaway style to give readers a closer look at these organs.

3. Generate an image that compares the differences in diet and lifestyle between a healthy individual and someone with diabetes. Use before-and-after images to highlight the changes needed to manage diabetes.

4. Create an image of a medical professional or doctor explaining the risk factors for diabetes to a patient. Use a friendly and approachable style to make the image more engaging.
